

## Contents of volume 17

- A. Greenough (London, U.K.)*  
The premature infant's respiratory response to mechanical ventilation (EHD00872) 1
- M.E. Cordero, A. Zvaighaft, F. González, R. Prado and S. Muzzo (Santiago, Chile)*  
Histological maturation of astroglial cells in the archicortex of young hypothyroid rats (EHD00873) 7
- U. Waldenström (Uppsala, Sweden)*  
Early and late discharge after hospital birth: father's involvement in infant care (EHD00874) 19
- J. Golding and T.J. Peters (Bristol and Cardiff, U.K.)*  
Are hospital confinements really more dangerous for the fetus? (EHD00875) 29
- M. Blott and A. Greenough (London, U.K.)*  
Oligohydramnios in the second trimester of pregnancy, fetal breathing and normal lung growth (EHD00876) 37
- C.J. Morley, A. Greenough, N.G. Miller, A.D. Bangham, J. Pool, S. Wood, M. South, J.A. Davis and H. Vyas (Cambridge and Nottingham, U.K.)*  
Randomized trial of artificial surfactant (ALEC) given at birth to babies from 23 to 34 weeks gestation (EHD00877) 41
- L.G.M. Mulders, H.W. Jongsma, P.F.F. Wijn and P.R. Hein (Nijmegen, The Netherlands)*  
The uterine artery blood flow velocity waveform: reproducibility and results in normal pregnancy (EHD00879) 55
- N.P. Jørgensen and K. Maršál (Trondheim, Norway and Malmö, Sweden)*  
Influence of thiopental anaesthesia on fetal motor behaviour in early pregnancy (EHD00881) 71
- B.C.L. Touwen, M. Hadders-Algra and H.J. Huisjes (Groningen, The Netherlands)*  
Hypotonia at six years in prematurely-born or small-for-gestational-age children (EHD00882) 79

Abstracts of the Neonatal Society Meeting	89
Book reviews	103
<i>K.S. Bedi and P.G. Bhide (Aberdeen and London, U.K.)</i> Effects of environmental diversity on brain morphology (EHD00885)	107
<i>R.A. Gibson and E.J. McMurchie (Bedford Park, Australia)</i> Decreased lung surfactant disaturated phosphatidylcholine in sudden infant death syndrome (EHD00883)	145
<i>R.Y.T. Sung, S. Lui, L. Lo, S.S.F. Leung and D.P. Davis (Shatin, Hong Kong)</i> Traditional Chinese infant supplementary medical foods given by mothers in Hong Kong (EHD00884)	157
<i>M. Van De Bor, J.W. Janssen, F. Van Bel and J.H. Ruys (Leiden, The Netherlands)</i> Serum creatine kinase BB as predictor of periventricular haemorrhage in pre-term infants (EHD00888)	165
<i>P. Peirano, J. Lacombe, B. Kastler, G. Guillon, G. Vincente and N. Monod (Paris, France)</i> Night sleep heart rate patterns recorded by cardiopneumography at home in normal and at-risk for SIDS infants (EHD00889)	175
<i>J. van Eyck, J.W. Wladimiroff, M.J. Noordam, K.L. Cheung J.A.G.W. v.d. Wijngaard and H.F.R. Precht (Rotterdam and Groningen, The Netherlands)</i> The blood flow velocity waveform in the fetal descending aorta; its relationship to fetal heart rate pattern, eye and body movements in normal pregnancy at 27–28 weeks of gestation (EHD00892)	187
<i>S. Satoh, T. Koyanagi, K. Hara, H. Shimokawa and H. Nakano (Fukuoka, Japan)</i> Developmental characteristics of blood flow in the middle cerebral artery in the human fetus in utero, assessed during the linear-array pulsed Doppler method (EHD00899)	195
<i>L.S. De Vries, J.S. Wigglesworth, R. Regev and L.M.S. Dubowitz (London, U.K.)</i> Evolution of periventricular leukomalacia during the neonatal period and infancy: correlation of imaging and postmortem findings (EHD00902)	205
<i>D.H. Davis and E.B. Thoman (Storrs, CT)</i> The early social environment of premature and fullterm infants (EHD00904)	221

<i>A. Salamy, S. Davis, L. Eldredge, A. Wakeley and W.H. Tooley (Eldridge, Davis and San Francisco, CA)</i> Neonatal status: an objective scoring method for identifying infants at risk for poor outcome (EHD00906)	233
<i>V. Ylitalo, P. Kero and R. Erkkola (Turku, Finland)</i> Neurological outcome of twins dissimilar in size at birth (EHD00909)	245
<i>R.D. Ward (Loughborough, U.K.)</i> Erythrocyte acid phosphatase polymorphism: relationship with birth weight, duration of gestation and congenital abnormalities (EHD00910)	257
<i>F. Gloria-Bottini, G. Gerlini, N. Lucarini, P. Borgiani, M.C. Gori, A. Amante, P. Lucarelli and E. Bottini (Rome, Italy)</i> Foetal macrosomia and erythrocyte acid phosphatase (ACP <sub>1</sub> ) polymorphism in diabetic and normal pregnancy (EHD00911)	265
<i>M.J. Boutroy, C.R. Gissonna and M. Legagneur (Nancy, France)</i> Clonidine: placental transfer and neonatal adaption (EHD00913)	275
